14 April 2022

Dear Sir/Madam,

RE: TESTIMONIAL ON SERVICES RECEIVED

It has been a pleasure partnering with BBEE Wise for the past 2 years in the BEE sphere. The team's expertise has been phenomenal. RTM has achieved a Level 2 in 2021 with the help of BBEEwise and are anticipating keeping a Level 2 in 2022.

The consultants and management are well equipped with the latest knowledge and legislation changes. All BBEEWise personnel are readily available and quick to respond to all queries and concerns pertaining to all BEE related issues.

We especially find their detailed gap analysis, assistance with implementation, understanding of the specific business and objectives exactly what we require to achieve our BEE goals.

We are grateful for the professional and detailed assistance we receive from BBEEWise and trust that we will keep making use of their assistance for many years to come.

A consultant company that we would recommend at any time.

Kindest Regards

HANS JURGENS VAN DER MERWE

Director
