To whom it may concern

I would like to place on record my sincere thanks to BBBEE Wise who assisted Northam during the past two years with BEE compliance.

I had limited knowledge and understanding of BEE and was grateful for the assistance and support from the team of consultants allocated for the process. Not only were they patient and well equipped with the latest knowledge, they were also professional and friendly and available on call as and when required.

The detailed gap analysis undertaken and assistance with implementation was very helpful and the consultants took time to understand our business and provide effective input for alignment to our business objectives. BBBEE Wise thus became an extension of our business.

The team's expertise was phenomenal! Northam obtained a B-BBEE level 4 during the first year of service and a level 5 last year with the help of BBBEE Wise.

I am grateful to have had them for support and hope that we can maintain the business relationship for many years to come.

Excellent, professional service always.

Yours faithfully
